Dear MMI Customer:

MMI has been—and will continue to be—vigilant about the safety and health of our customers, staff and partners. Though the challenges presented by the coronavirus (COVID-19) are new and unprecedented, our priorities remain the same, to provide the best customer service possible.

Please note, as the coronavirus continues to evolve, we are monitoring closely and will adhere to the guidelines of our national health organizations, including the U.S. Centers for Disease Control (CDC), as well as the recommendations of leaders at both the local and national levels.

- We are currently operating business as usual, at full capacity, with no noticeable interruptions.
- We have prepared for potential changes and have plans to mitigate any possible disruption of business.
- We are implementing steps to keep our employees healthy and safe. Increasing focus on maintaining a clean healthy work environment.
- We are doing everything we can to continue to serve our customers with the same level of commitment.
- We are in constant contact with our factories, suppliers and warehouses to insure they are keeping us informed and will address any changes should they arise.

We appreciate your business and will continue to provide updates as needed.

With gratitude,

The MMI Team
